## Summer Schedule

Fridays have been really great at THE COLUMNS in AVON NJ.

If you never been to The Columns, I highly recommend it. What a beautiful venue, a old victorian home turned into a Hotel, restaurant, bar right across from the ocean. The wrap around porch gives you a beautiful view all over as you dine. Inside the bar you have the same view with large picture windows throughout the bar area. And Bands usually 3 bands on Friday. A Great Reggae / Soca Band Named The Verdict at Happy Hour, then at 9:30 another band takes the stage (always someone different so check their facebook page to webpage). Meanwhile in the front room, called the grilled room, they usually a duo or trio playing. I play in the main room from 6:30 till about 11 - 11:30 depending on the bands breaks. It is always a challenge playing with bands, so I not step on their toes of what they are playing.

## Summer Schedule

I have some school graduations dances and private graduation parties booked for June. I am also DJing at Raymore & Flanigan furniture stores, for some great furniture sales. I am helping out with DJ Adam in this great new venture.

On June 11th I made a surprise guest appearance at The Parker House in Sea Girt. It felt great to be Downstairs again with the basement creatures. Boy, do they know how to party downstairs!! I also wish Chopper DJ the best and gets well quickly, the reason I was filling in.

Please keep in mind July and August I do have some Saturdays open for parties. Hit me up 732-462-2610 or [www.DJBIGD.com](http://www.DJBIGD.com)

## Current Trends - DJ Games

Now Since summer is upon us, outdoor DJing is a big thing. During these outdoor events some people may want to play

## Current Trends - DJ Games (continue)

have a bigger area to play these games. Mummy wrap (A great in-doors game) is a simple game you split people into 3 and 2 wrap the third person up in toilet paper. There is a new twist on musical chairs used with hula hoops. The hoops are placed on the ground and used with solid colors (best used solids color hoops) and music is played and the players walk in the hoops with regular music, then the DJ will change the music to a song with a color like The YELLOW submarine, with that the person stuck in the yellow hoops or hoop are out. And it continues just like musical chairs till you have one. Although you can play indoors it is great outdoors as you have a bigger space. There are many more games that can be played outdoors. Be sure to take advantage of games DJ's can host during outdoor events, in the hot summer sun many people like to sit back and relax to the music, while kids (young and old) like to play games.
